Gun Control

Maloney has a long history of supporting gun control measures, even those that would infringe on the Second Amendment rights of law-abiding citizens. In 2016, she co-sponsored a bill that would have banned the sale of assault weapons and high-capacity magazines. She has also supported legislation that would require background checks for all gun sales, including private sales.

These measures are not only ineffective in reducing gun violence, but they also violate the Second Amendment rights of law-abiding citizens. The Supreme Court has ruled that the Second Amendment protects an individual's right to keep and bear arms for self-defense. Maloney's support for gun control measures shows that she is willing to trample on the constitutional rights of her constituents in order to advance her own agenda.

Abortion

Maloney is a staunch supporter of abortion rights. She has voted against every bill that would restrict abortion access, including bills that would ban late-term abortions and require parental notification for minors seeking an abortion.

Maloney's support for abortion on demand is out of step with the views of most Americans. A 2019 Gallup poll found that 60% of Americans believe that abortion should be illegal in all or most cases. Maloney's support for abortion on demand shows that she is more interested in advancing the agenda of the radical left than in representing the interests of her constituents.

Illegal Immigration

Maloney is a strong advocate for illegal immigration. She has voted against every bill that would increase border security or crack down on illegal immigration. She has also supported legislation that would provide amnesty to illegal immigrants.

Maloney's support for illegal immigration is dangerous and irresponsible. Illegal immigration is a major problem that costs American taxpayers

billions of dollars each year. It also leads to increased crime and social unrest. Maloney's support for illegal immigration shows that she is more interested in advancing the agenda of the radical left than in protecting the interests of her constituents.

Voting Record

Maloney's voting record shows that she is more interested in advancing the agenda of the radical left than in representing the interests of her constituents. She has voted in favor of every major piece of legislation proposed by the Biden administration, including the American Rescue Plan Act, the Build Back Better Act, and the Infrastructure Investment and Jobs Act.

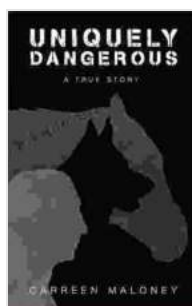

These bills are all massive spending packages that will increase the national debt by trillions of dollars. They will also lead to higher taxes and inflation. Maloney's support for these bills shows that she is willing to sacrifice the economic well-being of her constituents in order to advance the agenda of the radical left.

Carreen Maloney is a dangerous politician who is more interested in advancing the agenda of the radical left than in representing the interests of her constituents. Her support for gun control, abortion, and illegal immigration shows that she is out of touch with the views of most Americans. Her voting record shows that she is willing to sacrifice the economic well-being of her constituents in order to advance the agenda of the radical left.

If Maloney is reelected, she will continue to vote for policies that are harmful to the American people. She will continue to support gun control

measures that infringe on the Second Amendment rights of law-abiding citizens. She will continue to support abortion on demand, even though it is out of step with the views of most Americans. She will continue to support illegal immigration, even though it is a major problem that costs American taxpayers billions of dollars each year.

The American people deserve better than Carreen Maloney. They deserve a representative who will fight for their interests, not for the interests of the radical left.
