*Visions of Liberation: Ohio Short Histories of Africa* is a book that explores the history of Africa from an African perspective. The book is divided into four parts, each of which focuses on a different aspect of African history.

The first part, "The African Diaspora," explores the history of the African diaspora, from its origins in the Transatlantic slave trade to its present-day manifestations. The authors argue that the African diaspora is a unique and powerful force that has shaped the world in countless ways.

The second part, "The African Continent," explores the history of the African continent, from its earliest civilizations to its present-day challenges. The authors provide a comprehensive overview of African history, highlighting the continent's rich cultural heritage and its role in world history.

The third part, "The African American Community," explores the history of the African American community in the United States, from its origins in slavery to its present-day struggles for equality. The authors provide a nuanced and insightful look at the African American experience, exploring the challenges and triumphs that have shaped the community's history.

The fourth part, "The Future of Africa," explores the challenges and opportunities facing Africa in the 21st century. The authors argue that Africa is a continent of hope and possibility, and they provide a roadmap for a more just and equitable future for the continent.

*Visions of Liberation: Ohio Short Histories of Africa* is a valuable resource for anyone who wants to learn more about African history. The book is written in a clear and accessible style, and it is packed with information and insights. I highly recommend it.
