After graduating from college, Carter began his career as a journalist. He worked for several newspapers in the South, and he quickly became known for his courageous reporting on civil rights issues. In 1966, he won the Pulitzer Prize for his coverage of the Voting Rights Act of 1965. But Carter's work was not without its risks. He was threatened and harassed by white supremacists, and he was even jailed on several occasions.

Despite the dangers, Carter never gave up his fight for justice. He continued to write about the civil rights movement, and he helped to raise awareness of the plight of black Americans. He also worked to promote racial reconciliation, and he was a strong advocate for education and economic opportunity for all.
